Clinical Workshop on
Cardiac MR Stress Imaging

October 12-13 2018

Join us for this two-day course which offers dedicated, intense, individual and hands-on training and case-based learning.

Course Directors
Professor Steffen Petersen
Dr. Mark Westwood

Visiting Faculty
Dr. Michael Jerosch-Herold
Harvard Medical School
Boston, MA

Barts Health NHS Trust
Course Faculty
Dr. Redha Boubertakh
Dr. Anna Herrey
Dr. Mohammed Khanji
Dr. Marc Miquel
Dr. Filip Zemrak
Dr. Kris Knott
Dr. Nay Aung

Location
The Barts Heart Centre
1 St Martin's Le Grand
London, UK

Registration Includes
2 day course with hands-on training
2 nights accommodation
Breakfast and lunch each day
Group dinner on Friday night

Friday, October 12
- Welcome
- Evidence for CMR stress perfusion guided management.
- MR Physics of 1st pass contrast enhanced Myocardial Perfusion Imaging.
- Indications, contraindications and risks of CMR stress tests, including NSF.
- Coffee and tea break
- How to do CMR Perfusion.
- Ischaemia testing - When to use what? Dobutamine, Adenosine, Regadenoson, Dipyridamole.
- Quantification of Myocardial Perfusion.
- Lunch break
- How to do late gadolinium enhancement imaging.
- Coffee and tea break
- Hands-on sessions: Guided case reviews and post-processing on dedicated workstations.
- Group dinner

Saturday, October 13
- Coffee, tea and croissants
- Coronary anatomy vs. functional imaging: Role of cardiac CTSs vs. Stress CMR.
- Hands-on sessions: Case reviews and post-processing on dedicated workstations.
- Setting up a clinical CMR stress test service.
- Hands-on sessions: Case reviews and post-processing on dedicated workstations and Quiz - Part 1.
- Lunch break
- Visit Barts Heart Centre or carry on with Hands on Sessions: Case reviews and post-processing.
- Hands-on Sessions: Case reviews and post-processing with mock reporting on dedicated workstations and Quiz - Part 2.
- Course feedback, certificates and closing remarks.
